

## HOW TO ORDER, DELIVERY OPTIONS AND CONTACT INFORMATION

### How does the menu work?

The menu is for 2 or 3 to share and is a selection of some of our favourite dishes. It is a menu which will require some cooking to be carried out at home.

### There are options for main course and cocktails, how do I choose?

When you go to purchase, there is a drop-down menu which has all options available and lists the main course options, including cocktail options if you wish to purchase those with your box. Simply select the item you want and continue shopping.

### What are my delivery options?

You can choose to either collect your box from the restaurant or have it delivered to your home or your Mothers home via DPD.
